Admiral Lets His Friends Know That He Desires to Capture the Prize

He Says He Has Changed His Mind and Now Wants to Enter the Race—He Thinks Being President is a Comfortable and Easy Job—He Does Not Say on Which Party Ticket He Desires to Run.

Washington, April 4.—[Special Telegram]—Through one of his secretaries Admiral Dewey this morning declared that the interview published in a New York paper expressing his willingness to accept the nomination for president, if the American people desired it was correct. Lieut. Caldwell who gave the information said the admiral was very busy and could not talk further on the subject.

FOR DEMOCRATIC CONVENTION

The State Committee Will Meet Here Next Tuesday to Prepare a Call

Milwaukee, April 4.—The meeting of the Democratic State Central committee which is to be held at the Plankinton House next Tuesday afternoon to arrange for the state convention, which is to select delegates-at-large to the National convention at Kansas City.

The choice of a convention date will be left to the committee, though it is generally understood that the time will not be held until the last of May, owing to the fact that the national convention is not until July 4. Little discussion is heard as to possible candidates for delegates-at-large, and the fact that the nomination of William Jennings Bryan is practically assured makes the position purely honorary so that there is apt to be no contest for places on the committee.

For a first class job of paper hanging leave an order for W. W. Evans at W. T. Sherrers drug store or call 'phone 514.

TARIFF CONFLICT ON IN THE HOUSE

Senate Porto Rico Measure Will Meet with Warm Reception

DEMANDS OF THE BILL

Compromise Suggested to McKinley Just to the People of Porto Rico

Real Fight is Over the Civil Government Scheme—On This Proposition the Republicans Are Badly Mixed—It is Believed That the House Leaders Have Pledged Themselves to Carry Through the Senate Amendments.

Washington, April 4.—The scene of the conflict over the Porto Rican question is now transferred back to the house. The senate amendments which deal only with the tariff question will be generally favored in the house. Republican members there have been tumbling over each other in their anxiety to vote for something to appease their constituents.

They recognize in the compromise suggested by the President and adopted by the senate something which is on the whole just to the people of Porto Rico and that is what the people of this country want.

The republican members of the house from the Mississippi Valley want a chance to vote for free bread stuffs for Porto Rico, and gladly agree to the definite establishment of free trade in two years, instead of going back to the Dingley rates.

The principal provisions of the Porto Rico bill passed by the senate are as follows:

Provisions of the Bill
It puts an end to military rule and supercedes that with civil authority in the administration of affairs.

It places the administration in the hands of a governor and heads of executive departments appointed by the president by and with the advice of the senate.

It creates a legislative assembly in Porto Rico, the members of one branch of which, or house of delegates, will be elected by the qualified voters, the members of the other being the heads of departments.

It creates a judicial system, the superior court judges and higher officers to be appointed by the president and the existing inferior and municipal courts being continued.

It creates a resident commissioner of Porto Rico to represent the colony in Washington (instead of a delegate in congress) to be chosen by the house of delegates.

It clothes the legislative assembly with a number of important powers, but for the present its acts will be subject to revisory control by congress.

It nationalizes Porto Rican vessels and allows them to engage in the coasting trade; it changes and fixes the coinage, and it establishes quarantine regulations.

Republicans Badly Mixed

The real fight is over the civil government scheme, and on this question the Republicans are badly mixed. A faction is opposed to civil government in any form at this time. Another element wants a full territorial system like that of Arizona.

Quite a number like the Foraker bill well enough, except that it specifically denies the people of the island citizenship in the United States. There are others who favor the general principles of the Foraker bill, but believe the measure framed by the house committee is a better scheme of government. These factions in the Republican strength are numerous, strong, and insistent.

It is believed the house leaders have pledged themselves to carry through the senate bill, civil government and all, but whether they can do so or not remains to be seen.

Tending to Their Fences.

The calling of early conventions generally throughout the country this year has had the effect of almost depopulating the house of representatives at this time, so many members having gone home to attend to their fences.

The house is running along with slim attendance, and it will be necessary to secure the attendance of more members when the Porto Rican question comes up in that body.

Of the Wisconsin members who have gone home for one reason or another, are Messrs. Otjen, Minor, Davidson and Dahl.

Gov. Mount Will Not Recognize Any Requisition Papers From Gov. Beckham.

ROSE ELECTED BY SMALL PLURALITY

Democrats Carry Milwaukee by Aid of Dissatisfied Republicans

WALLBER MADE JUDGE

Mayor Rose's Plurality Drops From 8,000 Two Years Ago to 2,374

Very Close Vote on Treasurer and Comptroller—Street Railway Aldermen Turned Down—Street Railway Franchise the Issue and Many Republicans Swell the Victor's Votes—Republicans Held Their Own in the State.

Milwaukee, Wis., April 4.—[Special Telegram]—David S. Rose was re-elected mayor of Milwaukee yesterday, receiving 2374 votes more than republican nominee, L. L. Baumgartner. At the election of two years ago Mr. Rose received 7,767 votes more than the republican nominee, Mr. Gunder. City comptroller John B. Wolf was re-elected to the office by 1240 votes more than the number cast for O. T. Renning who ran on the republican ticket for city treasurer. William Bollow was given a second term by receiving 1060 votes more than W. H. Stevens, the republican nominee.

Council is Very Close.

The new common council will be composed of two populists, nineteen republicans and twenty-one democrats which will make the vote very close on president and city clerk when the council perfects its organization.

Judge Wallber was elected county judge by receiving 2,175 votes more than Peter J. Sommers, the democratic nominee. Judge Wallber defeated Mr. Sommers both in the city and the townships.

The republicans have control of the new county board of supervisors by a large majority. The new board is made up of one independent, thirteen democrats and twenty-five republicans. Of the new justices of the peace five are republicans, and six are democrats.

The leaders upon the city ticket finished in this order: Rose, Wolf, Bollow on the democratic side; Baumgartner, Stevens, Renning on the republican side.

Republicans Out Baumgartner.

Milwaukee, April 4.—One of the hottest municipal campaigns Milwaukee has ever seen closed last night with the re-election of Mayor David S. Rose by a majority of about 2,000. His majority two years ago was 7,767.

The principal issue was the passage by the council of a new street car ordinance which extended the franchises of the street railway company ten years, or from 1924 to 1934. In return a 4-cent fare was granted by the company for five years in the morning and evening, when the working people patronize the car, and a 4-cent fare at all hours after 5 years.

The question was whether the workmen would be satisfied with this or feel that Mayor Rose's democratic administration, had, as claimed by the opponents of the measure, bartered away the rights of the people for a pittance. The result of the election shows the laboring classes are satisfied with the cheaper fare.

Republicans Help the Victor.

Both parties split badly on this issue. Both Mayor Rose and his republican opponent, Henry J. Baumgartner, were supported by republicans, democrats and populists alike. The re-election of Mayor Rose is due to a remarkable defection of republican voters. This was especially noticeable in sturdy republican wards like the Seventh, Sixteenth and Fifteenth. For the first time in its history the Seventh ward went democratic.

During the campaign Mayor Rose and his friends claimed he would receive 5,000 Republican votes and the returns seem to show the estimate was not too high. Even in his own ward Mr. Baumgartner only carried the precincts by small pluralities and the northwestern part of the city; the German wards, which were expected to go for him by rousing majorities, were a sore disappointment in that regard.

It was practically a non-partisan victory, for without Republican votes Mayor Rose would have been defeated. It means however that he will have to be reckoned with hereafter as an important factor in the Democratic councils of the west.

Makes a Vigorous Campaign.

His victory is due almost entirely to his vigorous campaign. There were other speakers but little attention was paid to them. Every audience wished to hear the mayor and waited for hours to do so. Mayor Rose for the last few weeks has been speaking constantly and

he made an unusual campaign by going down into the factory districts and speaking to the employees at the noon hour or other convenient times. The vote polled was the heaviest ever known in a municipal campaign, yet in spite of this and the excited state of feeling there were no bickerings or rows at any of the precincts.

How the Council Stands

The former common council in politics stood as follows: Democratic 25, Republican 15, Populist 2. The new common council will stand as follows: Democrat 20, Republican 20, Populist 2.

Judge Emil Wallber defeated ex-Congressman P. J. Somers for judge of probate.

Democrats Take Kansas City.

Kansas City, Mo., April 4.—The democrats scored a victory in yesterday's election, electing James A. Reed mayor by a majority of at least 1,000 over P. Sherry Brown, Jr., republican. The entire democratic ticket, with the exception of a few members of the lower house of the city council, is elected. The present city government is republican.

LITTLE NEWS FROM THE SEAT OF WAR

Boer Army East of Bloemfontein Has Drawn Out of Reach of Roberts.

London, April 4.—[Special Cablegram]—There is little news from the seat of war this morning. It is probable that the Boer command to the east of Bloemfontein has withdrawn out of the reach of Gen. Roberts. It is likely that a larger force than was at first deemed necessary will be detailed to defend the British communications. The censor cuts everything, which is an indication that the British are on the eve of an advance. A dispatch from Bloemfontein says that Colville's infantry, a division of French's cavalry, has returned there. This was the division that yesterday's report said had been decimated by the Boers.

SPECIAL WAR TAXES TO REMAIN IN FORCE

Republican Leaders in the House Think Repeal Would Be Unwise at Present.

Washington, D. C., April 4.—After the regular weekly cabinet meeting yesterday, it was stated on authority that there will be no legislation at this session of congress reducing the war revenue taxes. The president has conferred with the leaders in both houses of congress, and it has been decided that it would be unwise to reopen the financial and tariff question. The program is to pass the legislation already mapped out, and no more, and adjourn before the republican national convention meets June 19.

The opinion was expressed at the cabinet meeting that it would be desirable to take off the war taxes on certain articles, but the certainty is, however, that as soon as any steps are taken in this direction there will be great pressure for relief from other interests that are taxed under the war revenue law. Under the circumstances it is deemed best not to tamper with the law at present.

HEARTY WELCOME TO QUEEN VICTORIA

She Sets Foot on Irish Soil First Time in Forty Years

DUBLIN WILD WITH JOY

The Route of the Procession is Lined Like One Vast Grand Stand

Streets Are Jammed With an Enthusiastic Throng—The Royal Visitor Hailed With Joyful Acclaim By the Great Multitude—Not a Discordant Note Allowed to Voice Itself—Sword Bearer James Egan Refuses to Act.

Dublin, April 4.—[Special Cablegram]—The queen set foot on Irish soil today for the first time in forty years under fine weather conditions.

Dublin is resplendent with decorations and elaborate arches. The route of the procession is lined like one vast grandstand and the streets are jammed with people.

God's Blessing on Ireland

The queen came ashore at Kingston at nine o'clock, amid thunderous salutes from warships and the shore batteries. She was received by the Lord Lieutenant of Ireland, the Earl of Cadogan, Duke of Connaught and other notables. A huge reception followed on the pier. Replying to the address of welcome, the queen wished God's blessing to Ireland. Shortly after, the party started for Dublin.

Not a Note of Opposition.

By the exercise of tact political considerations have been either kept entirely in the background or banished entirely. Of the Dublin evening papers the Telegraph, which belongs to the Freeman's Journal alone strikes a note which approaches the discordant.

Political considerations must ch today's reception. The nationalists have too much respect for the rights of minorities to interfere with individual expressions of opinion, but anti-British passion will never die out until the aspirations of Ireland are satisfied by reparation for the fraud and wrong perpetrated a century ago.

Sword Bearer Refuses to Act

James Egan, the Dublin city sword bearer, who for nine years was imprisoned for political offences, refused today to hand the queen the sword nor would he take part in today's proceedings. This declaration at the last hour caused a sensation and the lord mayor is now looking for another sword bearer. In a letter to the town clerk Mr. Egan says:

"I will yield nothing to any Irishman in respect for the individuality of the lady, but I cannot join in any act of public courtesy toward the head of a state which has tried me upon charges that were false and sent me to suffer for nine years in English dungeons—the state that still hallmarks me with the degradation of a ticket-of-leave man."

Mr. Egan adds that he is prepared to accept the consequences and band in his resignation.

"SAPHO" IS LARGELY GURGLES AND BLISS

Harry B. Kane the First Witness in the Trial of Nethersole in New York.

New York, April 4.—[Special Telegram]—The first witness in the "Sapho" trial this morning was Harry B. Kane, "a gentleman of leisure." He saw Nethersole in the part and said he could not trace her limbs through her costume. He referred to the stairway scene as one where "Sapho" and Jean hugged and kissed. He said the dialogue was largely gurgles and bliss. Miss Nethersole was present in court in a gorgeous costume.

MOB IN INDIANA RUINS TOLL ROADS

Bridges Blown Up—Occupants of House Burned Were Warned and Escaped Safely.

Logansport, Ind., April 4.—[Special Telegram]—A mob of one hundred and fifty men burned the toll houses and blew up the bridges on the Logansport and Burlington pike at midnight. The occupants of the houses escaped injuries, being warned. It is the only toll road in the country and the patrons protested.

ADMIRAL DEWEY.

that he is candidate for the presidency started the politicians of both parties. It is admitted on all sides that this action upsets all states. He is being claimed by both parties but he himself has never said that he was a democrat or a republican. However the influence of his wife, a sister of John McLean, seems to make a leaning towards the democrats. For some time there have been rumors to the effect that at a series of Jefferson day banquets to be held throughout the country Dewey would be brought out as a candidate to head off William J. Bryan.

Refuses to Give His Politics

Washington, April 4.—[Special Telegram]—Admiral Dewey at noon said: "If the American people want me for the high office I shall be only too willing to serve them." He refused to state whether he was a democrat or a republican. Interviews with several congressmen of both parties indicate great hostility to his candidacy.

John R. McLean said: "God bless you, I don't know anything about it." Grosvenor of Ohio said it was the admiral's latest and was very unfortunate for his reputation and place in the hearts of the people. Secretary Gage said: "Admiral Dewey would probably gain a great many votes if nominated by either party. But who will nominate him?"

New York, April 4.—A special to The World from Washington says: Admiral Dewey authorizes The World to announce to the American people that after mature reflection and in response to the earnest entreaties from all parts of the country his former decision, not under any circumstances to run for the presidency, is rescinded.

"Since studying the subject I am convinced that the office of the president is not a very difficult one to fill, his duties being mainly to execute the laws of congress. Should I be chosen for this exalted position I would execute the laws of congress as faithfully as I have always executed the orders of my superiors."

Admiral Dewey did not state which party's nomination he would accept. The reporter asked:

FOR MINE OF TARSA

Milwaukee Machinery to be Used in Developing Mine Mentioned in the Bible.

Milwaukee, April 4.—Milwaukee will furnish the machinery for a mine that is spoken of in the Bible and was owned by Hannibal the Great.

This is the mine of Tarsa, and it was there that the Romans sent Christian slaves to work in the pits, which were narrow, grave-like places then as now, rich in copper. It was here that Hannibal swayed as the ruler of the Carthaginians.

The property is said to be owned by a rich corporation, which recently secured title to it, and it is the intention to operate it under modern plans. The E. P. Allis company has signed contracts with the Spaniards who are at the head of the Rio Tinto company for a plant of machinery that will require the expenditure of a large sum of money.

A Milwaukee manufacturer said today that at the present time there is not a civilized country in the world that is not using Milwaukee machinery, either in mining or agriculture, at least two of the largest firms in the city doing an almost exclusively foreign business, much of it in South American states, Japan and China, Russia, and Africa. Milwaukee is not alone famous for its beer.

Republican Gains in Chicago.

Chicago, April 4.—Returns from city wards show that as a result of the aldermanic elections yesterday the republicans have gained six members of the common council but lack five votes of the two-thirds majority necessary to override the mayor's veto. Although the republicans will have a strong majority in the new city legislature the democrats will be able to prevent any attempt that their adversaries may make to gerrymander the wards of the city.

Atmospheric Waves.

The atmospheric ocean surrounding the earth is frequently disturbed by gigantic waves, which are invisible except when they carry parts of the air charged with moisture up into a colder atmospheric stratum, where sudden condensation occurs. In this manner long, parallel lines of clouds sometimes make their appearance at a great height, marking the crests of a ripple of air waves running miles above our heads.—Chicago Chronicle.

LOCAL SPORTS WILL ATTEND

Fully a Dozen From Janesville Will Visit Chicago Tomorrow Evening.

Several local sports will visit Chicago tomorrow evening to attend the show at Tattersalls. It is expected that fully a dozen will represent Janesville. The show will begin at 8:15 promptly, and end early enough to give out of town patrons an opportunity to catch the theatre trains. The card is an even one from start to finish, thus ensuring an evening full of sport and fight. Barney Connors, whose recent defeats of Driscoll and Tom Duggan showed him full of hard fighting, will this time meet Jack Beauschulte, who also scored over Driscoll and some of the best in their class, and the wise men are looking for the liveliest sort of an argument when the rolling mill man clashes with Beauschulte. Ole Olson will meet Walter Burgo. Morris Rauch and Jack Madden have an old score to settle, since the latter won on a foul in their last match, and their respective backers have large bunches of money as the result this time. Jack McCormick meets big Jim Barnes. Art Simms meets with Dick Green and Benjie Yunger, the slasher, will have a try-out with Frank Noel, a clever offer from St. Louis.

HESS HOME FROM WAUPUN

Looking Poorly as the Result of His Year's Confinement.

Jack Hess who has been at Waupun during the past year is once more greeting local friends. He plainly shows that he is far from being in good health. For the present Mr. Hess says that he intends to make Janesville his home. His poor health will for some time prevent him from engaging in active work.

PLACED SLEIGH ON BUILDING

Many Quaker Pranks Were Indulged in by Boys Last Evening.

As the result of the election last evening numerous pranks were indulged in that reminded one of Halloween night. This morning a sleigh was found on the roof of the two story frame structure at the corner of Milwaukee and Bluff streets. This was the work of boys and involved much labor as the sleigh was heavy. The usual number of street fires were started illuminating the city in many parts.

A Remarkable Discovery.

A remarkable discovery has been made by Dr. Peters, who has recently been excavating at Nippur, an ancient city of Babylonia. While the workmen were clearing away the debris from the walls of the temple Bel they discovered in a hole which had been closed up with sundried bricks a large goose egg on a mat of reeds. Why the egg was placed there is a mystery, as it has no connection with any known Babylonian custom. Dr. Peters thinks that it may be looked upon as a joke on the part of one or more of the ancient workmen, the object of which will probably never be known. The temple was built at a very remote time, probably in the reign of Akus-gal (B. C. 2200), or even earlier, so that the egg is over 4,000 years old.

An Interesting Old Manuscript.

An interesting old manuscript has just been unearthed and added to the Central Public Library at Hampstead, England. Its date is about 1695, and it is entitled "Strange News from Hampstead, giving an account how divers evil spirits did on Saturday, the 17th day of March last, appear in the night on the new walk near ye Wells and tear up a hundred trees by the roots and afterwards almost killed a Black Cow, took the blood and then vanished away."

Average Time of a Wink.

"In the twinkling of an eye" is a phrase for brevity, but Mr. Garten, in the "Archives of Fugger," has found the average time of a wink is about 0.40 second. The eyelid descends in about 0.30 second, stays down about 0.13 second to 0.17 second and rises again in about 0.17 second. Winking varies much in different persons, and rarely occurs when the attention is concentrated, but this omission is followed by series of winks to make up, either by resting the eye or cleaning it.

EGAN ARRESTED
ON ASSAULT CHARGE

CHIEF OF POLICE HOGAN
MAKES THE COMPLAINT.

South Jackson Street Residents Allege That Michael Egan and His Wife Fight Like Cats and Dogs—Charge This Time is Assault and Battery—Case Adjourned This Morning.

Michael Egan, residing on South Jackson street, was before the municipal court of Rock county this morning on the charge of assault and battery. Chief of Police Hogan made the complaint. It is alleged that the defendant has been ill-treating his wife, Mrs. Egan, says that her husband has treated her in a brutal and inhuman way. The police claim that there has not been a minute's peace in the Egan family for many weeks, and that Mrs. Egan is fully capable of looking after herself when trouble arises in the household. Neighbors allege that the Egan have been at war for some time, and that at times the way Egan and his better-half fought would put such men as Jeffries and Fitzsimmons to shame. When the case was called in court this morning an adjournment was taken until April 18 at 10 o'clock.

Connell Case Adjourned

The case of the city of Janesville vs. John Connell, was adjourned this morning until April 30.

Settled Their Troubles

The case of William Meggott vs. John Luck, has been settled out of court.

AMUSEMENT NOTES.

Mr. Walker Whiteside, who will appear at the Myers Grand next Friday night, while traveling through the south this season during the prevalence of the yellow fever, was cautioned to be very particular as to the purity of the drinking water. He was stopping over at a small town, and being unable to obtain any mineral water he was forced to drink the water furnished by the hotel—water which was anything but clear. Calling the waiter he said:

"Waiter, where does this water come from?"

"From the rivah, sah."

"What rivah?"

"The Tennessee, sah."

"It looks muddy—is it pure?"

"It am, sah."

"But it can not be pure. Look at it. It's discolored. What's in the river?"

"Nothin' but tributaries, sah."

Mr. William Owen, well known as a romantic actor of more than usual talents and graces, has secured the rights to "A Gilded Fool" and will present the comedy in Janesville at the Myers Grand on Thursday, April 5.

The advance sale of seats for William Owen in "A Gilded Fool" began at the box office of the Myers Grand at 10 o'clock this morning.

"Side Tracked" presented at the Grand last night needs a literal application of its title.

GAVE EXCELLENT PROGRAM

Members of the Marquette Club Met Last Evening.

At the rooms at the Caledonian society last evening members of the Marquette club held an interesting session. The program consisted of a piano solo by Miss Gertrude Casey; a vocal solo "By Your Side" by Mrs. Joseph Connors; a recitation by Anna McCue; a paper on "The Press" by Father N. A. Rivers of Beloit, formerly of St. Mary's church; a vocal solo by Mrs. Charles Kneff; reading by Dr. M. A. Cunningham and the program concluded with a vocal solo, "Bright Star of Hope" by Mrs. George Foster.

Truly Feminine.

The hen has no husband to assist her in bringing up her family; she not only takes all the care of her offspring at night and during the day, but makes the living. A hen will fight a dog or man in defense of her brood. A hen fresh from her nest, followed by a lot of little chickens, is nearly starved, but she never eats a bite till the little ones are filled. True, she is mighty cross, and scolds the rooster, but she is an admirable mother.—Atchison Globe.

236 Killed by Sunstroke.

While in this latitude snow is in the air and the frost king holds sway, it seems odd to hear reports of deaths as a result of sunstroke, even though the victims live as far away as Buenos Ayres. One day there were 219 cases of sunstroke there, 134 proving fatal. The day previous 93 out of 192 cases resulted fatally. The thermometer registered 120 degrees in the shade both days.

Leap Years in the Twentieth Century.

The twentieth century will have the greatest number of leap years possible for a century—namely, twenty-four. The year 1904 will be the first one, then every fourth year after that to and including the year 2000. February will three times have five Sundays: In 1920, 1948 and 1976.

ROCKFORD VERSUS JANESVILLE

Forest City Indoor Base Ball Team Play Here This Evening.

Members of the Rockford Y. M. C. A. indoor base ball team play members of the local Y. M. C. A. team here this evening at the association building. The Rockford boys are experts and expect an easy victory here. They have defeated several excellent teams through Illinois including Chicago.

INTERESTS BILLS & WORTHEN

Elections in Several Towns Will Make a Difference to These Men

Frank L. Bills and E. L. Worthen, telephone promoters, have been spending the past few days in Janesville. Elections this week at Davenport, Rock Island and other cities will depend much on whether or not Messrs. Bills and Worthen will be able to secure telephone franchises in these cities, the old board of aldermen having refused to grant franchises in spite of the wishes of the public.

MILTON JUNCTION

Milton Junction, April 3—Mr. George Richardson died Monday, March 19th, 1900, at his home in Newville, of catarrhal pneumonia, age fifty-three years, eleven months and seventeen days. He leaves to mourn his loss one son, George, three brothers, three sisters and many friends, who have the heartfelt sympathy of all. December 10, 1867 Mr. Richardson was united in marriage to Miss Dancy Rose. Three children were born to them, two of whom died in infancy. The son, George survives his father. Mr. Richardson was again married his wife being Mrs. Tillie Westcott, who died April 2, 1891. The funeral was held at his late home Thursday, March 22nd. Presiding Elder Thayer officiated, assisted by Rev. Palmer, pastor of the United Brethren church. Music was furnished by the M. E. church choir of Milton Junction. The remains were interred in the Milton Junction cemetery.

EMERALD GROVE

Emerald Grove, April 3—Mrs. Armstrong of Jefferson, is visiting at her parents, Mr. and Mrs. Lester, and sister, Mrs. C. Fitch. Mrs. J. A. McArthur and Mrs. H. Hanson has their mother visiting them, Mrs. Akin of Whitewater. The annual meeting of the Ladies' Auxiliary will take place at the church parlor April, for the purpose of electing officers for the ensuing year. Dinner will be given at noon. Mrs. Boynton has been quite sick with the grip but is better at present. Ruth Wetmore is entertaining the mumps. The farmers are complaining of bad roads.

Taken this month keeps you well all the year. Greatest tonic known. Rocky Mountain tea, made by Madison Medicine Co. 35c. Smith's pharmacy kodak agents.

A Primitive Barometer.

A curious barometer is said to be used by the remnant of the Araucarian race, which inhabit the southernmost province of Chili. It consists of the cast-off shell of a crab. The dead shell is white in fair, dry weather, but, indicating the approach of a moist atmosphere by small red spots, as the moisture of the air increases it becomes entirely red and remains so throughout the rainy season.

To Exclude Eastern Consumptives.

It is interesting to note that California physicians are fixed in their hope of some time excluding eastern consumptives from the state. The subject, which has been discussed a number of times in the last few months, was again taken up at a meeting of the state board of health a few days ago. Dr. Louis Bazet, of the board, read a paper on the dangers of tuberculosis as a contagious disease threatening California. He said that between 40,000 and 50,000 consumptives entered California annually, and each of these persons helped to spread the disease germs.

Smothering
Spells,

awakening at night with a sense of suffocation, often having to sit up in bed gasping for breath, or rushing to an open window to get fresh air, are sure signs of heart disease. Other signs are palpitation, irregular pulse, pain in left side, fluttering of heart, weak or hungry spells, fainting or sinking spells, swelling of feet and ankles, etc. There is one remedy for a weak or diseased heart, which, if taken in time, will completely restore it to its natural, healthy condition. It's

Dr. Miles' Heart Cure

"My heart was weak and would palpitate at every little noise. I could not take any exercise without causing my heart to pound and throb in a dreadful manner. I could not sleep at night, my feet were badly swollen and I began having smothering spells so severe that I thought I should die in one of them. The doctors failed to give me any relief and seeing an advertisement of Dr. Miles' Heart Cure I sent to my druggist for a bottle and began its use. Improvement began at once and in a few weeks I was as well as ever."

Stanley
Shirt Waists

We are exclusive agents here for these popular waists and are now showing the new spring styles. We had to order them last November or we would not have them now. Although made in the largest shirt waist factory in the world, even then the demand for Stanley Waists is so large that orders must be placed months in advance to secure them.

At 50c, 75c and \$1.00 we show unusually good values, much better than can be found elsewhere. Others at \$1.25, \$1.50 to \$3.00—beautiful styles, exclusive things that will not be common. Lovely white waists, \$1 to \$3. Our stock is not yet complete but we show about 60 dozen at present and new things being received weekly.

W. C. C.
Corsets.

Short Summer, \$1.00. "None Know Them But To Love Them."

THE DAILY GAZETTE

Havemeyer May Resign.

New York, April 4.—There is some reason for saying that there will be a great change in the sugar trade within thirty days. H. O. Havemeyer, the president of the American Sugar Refining company, commonly known as the sugar trust, has been most autocratic in his management of the affairs of the company. There are indications that the control of the trust has changed and that Mr. Havemeyer may be asked to resign. The Standard Oil interests are said to have at this time a majority of the stock.

Keel of Great Ship Laid.

Philadelphia, Pa., April 4.—The keel of the first of two mammoth passenger steamships to be built by the Cramp Shipbuilding company for the American line was laid Tuesday. The two vessels will be the largest ever constructed in the western hemisphere, and will have a length of 600 feet each. The ships will have 12,000 to 15,000 horse-power, being constructed more for comfort and carrying capacity than for speed.

Dies on Warrant Is Read.

St. Louis, Mo., April 4.—Aged Julius Uhlenruth topped over dead Tuesday afternoon when a deputy sheriff read to him a warrant for his arrest on the charge of having embezzled \$9,997 from the Hyde Park brewery, of which he had been an employee as bookkeeper and treasurer for twenty-five years. Owing to growing infirmities the company decided to retire Uhlenruth on a pension of \$500 a year. In balancing the books for his successor the shortage was discovered.

Marriage in a Street Car.

Cincinnati, O., April 4.—Reabe Horn, a colored man, and Eliza Wood of Warsaw, Ky., were married in a street car here today. The Rev. B. P. Burch of the Lockland Baptist church performed the ceremony. No license for the marriage was procured in either Covington or Newport. The preacher being an Ohio citizen and licensed only to marry in that state makes the marriage somewhat doubtful.

Cardinal Vaughan Is Ill.

London, April 4.—Cardinal Vaughan is ill of bronchitis. His condition is causing considerable anxiety. He suffered a relapse Tuesday.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation, invigorates the whole system. Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

Asks for a Receiver.

Toledo, Ohio, April 4.—John Arbuckle, the coffee and sugar magnate of New York and Pittsburgh, has filed a petition asking that a receiver be appointed for the Woolson Spice company of this city. This is practically a reopening of the legal fight which began two years ago. In the application for a receiver it is alleged that the plant has been practically wrecked; that during the nine months preceding the purchase of the majority interests by Havemeyer the company had paid dividends amounting to \$180,000, or 100 per cent on the entire capital stock; that since that time no dividends have been paid, and that the plaintiff, Arbuckle & Co., has been prevented from inspecting the company's books or in any way protecting its interests therein.

To Improve Conneaut Harbor.

Ashtabula, O., April 4.—It is given out here on good authority that the Carnegie company is to spend between \$1,500,000 and \$2,000,000 in improvements at Conneaut harbor, the lake terminal of the Bessemer railroad. This line was constructed to carry iron ore from Conneaut to the Carnegie mills at Pittsburgh. The money, it is stated, will be expended for new car-loading equipment, new docks, 800 additional cars and dredging the harbor. It is probably, also, that a dry dock will be built.

Reforms in Mexican Army.

Monterey, Mexico, April 4.—Gen. Bernardo Reyes, the new secretary of war, will soon inaugurate important and far-reaching reforms in the Mexican army. At present the army is largely made up of criminals who are sentenced to do military service. Gen. Reyes will abolish this practice of forced service and establish that of voluntary enlistment of recruits. The criminals will be placed in prisons.

School Closed by Smallpox.

Kansas City, Mo., April 4.—The boy pupils of the Long school in Kansas City, Kan., to the number of 200, went on a strike this morning and refused to go into the building when the bell rang. The cause of the rebellion was that a case of smallpox had developed at the house of A. Morris, next door to the school.

Injured in an Initiation.

Guthrie, Ok., April 4.—James Chapman filed suit Tuesday against the Ancient Order of United Workmen for \$40,000 damages. He alleges that while being initiated in the local order his spine, shoulder and neck were injured, and he was otherwise crippled for life.

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disgusting diseases. S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1887 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

Fair tonight and Thursday.

THIS DAY IN HISTORY.

1774—Oliver Goldsmith, poet and miscellaneous writer, died in London; born in Ireland 1730.

1782—Thaddeus Stevens, statesman, born; died 1868.

1841—President William Henry Harrison died.

1857—Mrs. Patterson-Bonaparte, at one time wife of Jerome Bonaparte's youngest brother, died at Baltimore; born 1782. Elizabeth Patterson won the love of the future king by her extraordinary beauty and wit. He was at the time a lieutenant in the French navy. Though commanded by his brother to renounce his American bride, he refused to do so until the counsel of state dissolved the marriage, when he was elevated to the throne of Westphalia.

1883—Peter Cooper, American philanthropist, founder of Cooper Institute, died; born 1794.

1888—Benjamin Harris Brewster, ex-attorney general of the United States, died in Philadelphia; born 1817.

1895—Ex-Governor William Marshall of Minnesota died; born 1827.

1899—The Cuban military assembly voted to disband the army and dissolve.

Justice Richardson should not feel badly over the result. Circumstances over which no one had any control brought about his defeat, and the result in no way casts a reflection upon him.

Fred L. Clemons was beaten but the victory was a hollow one—the sting of conscience will be felt by many people who opposed him for many weeks.

The next political event is the republican county convention at the court house, and after that there will be some more caucuses.

The result in Milwaukee was something of a surprise, although many Cream City people predicted it—and vice versa.

The democratic candidate for city treasurer didn't get a single vote—"cause there wasn't no democratic candidate."

"There is never any fun except when I am running"—Ex-Mayor John Thorougheed.

James A. Fathers, republican, had the largest majority ever given a republican candidate.

The Milwaukee Journal is likely to be dyed all the colors of the rainbow to night.

A better police system is again at the top of the list of the most urgent needs.

While there was no bloodshed or rioting, a heap of knifing was done.

Of course you voted the straight-ticket—the others fellows split it.

The Fourth ward acted with dispatch in Hemming in Mr. Macloon.

Of course, you knew it would result just as it did.

And Rose arose to the occasion.

Well, Well, Miss Milwaukee!

How does it suit you?

The "splitts" did it.

ELECTION RESULTS IN OHIO.

Dr. Washington Gladden Is Victorious in Columbus.

Cincinnati, O., April 4.—The Republicans throughout the state scored at the municipal elections held Monday. In Cincinnati Julius Fleischman, the millionaire distiller and horse owner, was elected mayor over Alfred M. Cohen, by 7,000. The rest of the republican ticket went through by majorities ranging from 2,000 to 6,000.

Dr. Washington Gladden, pastor of

the First Congregational church of Columbus, was elected to the city council of that city over the republican candidate, Charles E. Miles, by a majority of seventy-six votes. Dr. Gladden ran on a Socialistic platform.

Republican Gains in Nebraska.

Lincoln, Neb., April 4.—Nearly all the entire republican ticket was elected here yesterday by an average majority of 1,800 votes, a republican gain of 200 votes. Returns from other Nebraska towns in which elections were held show republican victories in a majority of cases. No election was held in Omaha.

WASHINGTON GLADDEN.

Dr. Washington Gladden, pastor of the First Congregational church of Columbus, was elected to the city council of that city over the republican candidate, Charles E. Miles, by a majority of seventy-six votes. Dr. Gladden ran on a Socialistic platform.

GEN. BATES GAINS MORE TOWNS

He Meets with No Resistance, Capturing Cannon and Rifles.

Manila, April 4.—Gen. John C. Bates has peacefully occupied Surigao, Cagayan, Iligan and Misamis, in the island of Mindanao. A number of rifles and cannon were captured. The presence of the gunboats Yorktown, Manila and Panay prevented resistance at Cagayan. The insurgent atrocities in Cagayan and Camarines provinces continue, where Spaniards, Chinamen and natives have been murdered.

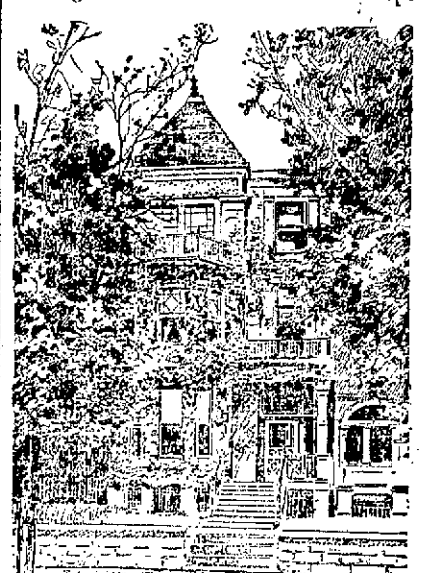

DEWEY IS AFTER THE PRESIDENCY

(Continued From Page 1)

is an avowed candidate for the presidency. He has confided to some of his most intimate friends that he is willing to run for the high office, provided he finds encouragement for such a candidacy.

He has become greatly interested in the idea and has under consideration various plans which will be matured and put into operation so soon as there is sufficient evidence his nomination is not an utter impossibility.

This fact of Dewey's willingness to run for the presidency accounts for several incidents which local gossips have been amusing themselves in discussing. He has determined to accept

ADMIRAL DEWEY'S HOME.

so far as possible all invitations which bring him into public view, and it is possible should the outlook be promising he will abandon his projected trip to Europe. His official duties, now confined to the presidency of the so-called Naval Policy board, are not exacting and his presence at the occasional sessions of the board is not a necessity.

Influenced by Mrs. Dewey.

In his plans for higher office he is said to be largely influenced by Mrs. Dewey who is known in Washington as a woman of ambition, energy and tact. Her practiced hand has already been recognized in some peculiarly adroit and discreet operations having in view the elevation of her husband to the presidency.

Admiral Dewey has already encountered some distress of mind as a result of his intentions. He reads with keen interest the comments of the papers, and he has displayed on more than one occasion much wrath when he has encountered adverse remarks on the proposition of his candidacy.

He recently sent to one paper of prominence some tart messages for its outspoken opposition to "Dewey's candidacy," and his well known high temper has shown itself in various ways, such as stopping newspapers even those sent to him gratuitously, when he found in them comments he deemed antagonistic to his cause.

His Wife As a Campaign Manager.

In all such incidents Mrs. Dewey has proven herself the quieting influence. She has on several occasions intervened

to stop what might prove a disastrous outbreak from her husband at a critical moment, both in his correspondence and in his personal interviews.

It is also said that Admiral and Mrs. Dewey have arranged a preliminary campaign, which shall include a conservative reception of people who are likely to have some say in the making of the next president or who possess some influence of value in the convention.

Dewey's attitude has altered materially within the last few weeks, and his former declaration that he possessed no ambition for the presidency has evidently been abandoned.

GEN. BATES GAINS MORE TOWNS

He Meets with No Resistance, Capturing Cannon and Rifles.

Manila, April 4.—Gen. John C. Bates has peacefully occupied Surigao, Cagayan, Iligan and Misamis, in the island of Mindanao. A number of rifles and cannon were captured. The presence of the gunboats Yorktown, Manila and Panay prevented resistance at Cagayan. The insurgent atrocities in Cagayan and Camarines provinces continue, where Spaniards, Chinamen and natives have been murdered.

RUSSIA'S WAR PREPARATIONS.

Alarming Reports in Semi-Official Newspaper of Berlin.

Berlin, April 4.—The Koelnische Zeitung, a semi-official organ, publishes alarming reports regarding the busy war preparations which Russia is making on land and on sea. The Zeitung announces that the czar will go to Moscow tomorrow to be present at a military council. All dispatches relating to the mobilization of troops are carefully censored before they are given to the press. Officers who have applied for leave of absence have been informed that all such requests will be denied for the present.

The above table tells the story.

The election is past and gone, and the people have registered their choice.

The council is a tie, the election of C. L. Valentine offsetting the defeat of W. H. H. MacLean. The republicans lost an alderman in the Fourth ward, but gained one in the second.

The vote was light, and but little interest was shown outside of the contests for city attorney, for alderman in the Fourth ward, and school commissioner in the Second ward. The total votes was about 460 behind that of a year ago. The figures as near as can be determined without the official canvass, are as follows:

THOMAS M. JEFFRIS DIED THIS MORNING

AT SOUTH JACKSON STREET HOME OF HIS FATHER.

Prominent and Well Known in Janesville—Has Been Ill For Several Months—Leaves Wife and Three Children—Death of Mr. Donahoe, Prominent Rock County Farmer.

Thomas Mount Jeffris, after an extended illness, died at the home of his father, David Jeffris, at half past four o'clock this morning. The disease was a form of progressive anemia which gradually reduced the vigor of a remarkably strong constitution.

Mr. Jeffris was 46 years old the 27th day of last September and during his life his residence has been divided between his birth place, Janesville, and his later home, in Huron, South Dakota. When a young man only nineteen years of age he was engaged in the grocery business in Janesville and from here in the spring of 1881 he went to Dakota. He settled in Huron in the pioneer days of that city and carried on there for a number of years a flourishing business in groceries and lumber; until within three years ago in partnership with his cousin David Jeffris. Mr. Jeffris had been closely associated with the growth of Huron, a charter member of its Congregational church and deeply interested in the development of the city as well as the whole state, along financial, educational and religious lines.

Even after settling in South Dakota he had been a frequent visitor in Janesville, and at times he and his family have made prolonged stays here near his old home.

His wife, to whom he was married in Huron in 1889, and the three children, Ruth B. Bruce M. and Robert M., survive him.

Mr. Jeffris came back to Janesville last July in very poor health, and in spite of all possible care and attendance, and his own brave spirit, by the help of which he was for a time able to be up and out of doors, his illness slowly exhausted him. He was a thoughtful man, of sterling, conscientious integrity, quiet humor and unostentatious generosity; and as business man, friend, citizen and man he has rendered many substantial and true services to the world in which he moved.

The funeral will be held from the family residence on South Jackson street on Friday afternoon at 2 o'clock.

John Donahoe.

Yesterday morning at 11 o'clock John Donahoe died at his home in the town of Janesville. He was seventy-one years of age and his death was sudden.

For the past forty years he had made Rock county his home and was a citizen respected by all who knew him. He leaves to mourn his loss a widow and four children, Jerry Donahoe of Rock county; Mrs. Margaret Purtell, Milwaukee; Miss Nora E. Donahoe and Miss Mary Donahoe, both of the town of Janesville.

Funeral services will be held from the home at 9:30 Friday and from St. Patrick's church at 10:30 o'clock.

Mrs. Patrick Gagan.

Mrs. Patrick Gagan, on the Beloit road, died this morning at 3 o'clock, aged seventy-one years. She has lived in Janesville since 1852. She was the mother of eleven children all of whom were at home at the time of their mother's death. The funeral will be held at 9:30 o'clock Friday morning from St. Patrick's church.

Richard Dalton.

Richard Dalton, well known in Janesville, died at his Chicago home yesterday. Funeral services were held this morning from St. Pius' church. The interment was in Chicago.

THE BOERS IN RETREAT.

Escape from the English and Save Their Guns.

COULD NOT BE HEADED OFF.

Colville and French Again Outwitted by the Field Tactics of the Retreating Boers—Notes of the War in South Africa.

London, April 4.—British valor is expending itself to the east of Bloemfontein in hope of repairing the damage wrought Saturday by the combination of Boer cleverness and English negligence, not to say stupidity. What success has attended these forces at wiping out a defeat made by the troops under command of Gen. Colville and French remains to be disclosed. It is persistently reported that the Boer column en route to Thabanchu to reinforce the body of Boers that attacked Col. Broadwood has been badly cut up by Gen. French, but confirmation of the report is lacking and it is the general impression in London tonight that the Boers have made good their escape with the British guns and wagons and with the able-bodied among the prisoners.

In continuation of dispatches previously made public the war office yesterday gave out the following from Lord Roberts: "Bloemfontein, April 2, 10:30 p. m.—There has been considerable delay in getting accurate returns of the casualties, as the action took place twenty-two miles hence; the telegraph cable has been interrupted several times, cloudy weather has interfered with signaling, and, although there has been no engagement since, the force is continually in touch with the enemy.

"There were many acts of conspicuous gallantry displayed during the day. 'Q' remained in action under a cross fire at 1,200 yards for some hours, the officers serving the guns as the casualties reduced the detachments. Several gallant attempts were made to bring in two guns, the teams of which had been killed, but at each attempt the horses were shot.

"The Essex, Munster, Shropshire and Northumberland mounted cavalry and Roberts' horse covered the retirement of the guns from that position to the crossing of the drift found by the cavalry two miles farther south, and withstood the determined attacks of the enemy, who in some cases advanced within 100 yards. 'U' battery of the Royal horse artillery was suddenly surrounded in the drift and the officers and men were all made prisoners without a shot being fired. But Maj. Taylor and a sergeant major succeeded in escaping in the confusion. Five guns were captured at the time. Further details tomorrow."

Some apprehension is beginning to be felt regarding the fly-by-night parties of Boers which dash out to the south of Bloemfontein and interfere with Lord Roberts' communications. Disquiet is also induced by the reports from Berkly West that the Boers are massing troops at Taunus, Milkvlei, Cornforth hill and Kleinboetsap. It is conceded that the British commander-in-chief is in the midst of annoying difficulties, calling for speedy, summary action.

ALL EUROPE BRITAIN'S FOE.

Europe Waiting the Chance to Deliver a Blow.

London, April 4.—It becomes more apparent every day that Great Britain is by no means out of the dangers that have suddenly grown up around its path since war broke out in South Africa. There are constant rumors of the hostile intentions of certain foreign powers. These have aroused the people of the British Isles to a sense of the fatuous security in which they have been dwelling. The unanimity with which almost every European country has attacked Great Britain since the Boer war began has come like a revelation, even to the man in the street. He has sense enough to know that all this expression of sympathy with the Boers is disingenuous on the part of nations, the majority of whom never heard of the Boers until now.

It is therefore no wonder that British citizens at last believe that there is a general desire on the part of Europe to see the British empire humbled. A feeling of uneasiness has grown up, and it needs not very much to develop it into such a general warlike tone as was common throughout the British Isles when the first Napoleon threatened to invade the islands and his troops practiced nightly the embarkation on the other side of the straits of Dover. This morning R. G. Graham, chief officer of the Hampton fire brigade, made the last of a number of calls he has been paying to the war office in order to urge on these authorities the formation of a corps of artillery, manned from the fire brigade, and armed with quick-firing field guns. The war office is considering the proposal and is likely to adopt it. Writing to the Daily News, Mr. Graham says: "We all recognize the danger of a foe landing on our shores at almost any moment. We should look sharply at our home defenses. The firemen are eminently fitted for fighting they are already provided with stations for housing guns and with horses to draw them. Their galloping drills and discipline would give them a good start on the road to becoming efficient artillery men. My suggestion to the war office was accompanied by an order to equip the men of my brigade, who took the principal prize, the competitive galloping drills last summer."

TOWN ELECTIONS IN ILLINOIS.

Eight Vote Cast and Party Lines Not Tightly Drawn.

Chicago, April 4.—Township elections were general throughout Illinois yesterday. Except in the larger cities, notably Springfield and Peoria, party lines were not strictly drawn, and as a rule the vote was light. Decisive victories were scored by the republicans in Springfield and Peoria, the two state convention cities. Chief among the cities carried by the democrats are Kankakee, Ottawa and Quincy. In Macomb license was the chief issue, and the town went "dry" by a big majority. The results in the larger cities follow: Republican—Belvidere, Carmit, Champaign, Clay City, Danville, Delavan, Dwight, Elgin, Fairbury, Galesburg, Joliet, Kewanee, Lewistown, Lockport, Macomb, Mascoutah, Monmouth, Mount Carroll, Mowquaqua, Murphysboro, Nashville, Peoria, Pontiac, Princeton, Rock Island, Springfield, Taylorville, Tuscola, Waukegan, Woodstock. Democratic—Arcola, Benton, Carlinville, Eureka, Flora, Freeport, Havana, Kankakee, Litchfield, Mount Vernon, Ottawa, Pana, Quincy, Ramsey, Salem, Vandalia.

Trust Companies Combine.

New York, April 4.—A merger of the North American Trust company and the International Banking and Trust company, under the name of the former company, was formally agreed to at meetings of the directors of both companies Tuesday. The entire assets and property of the International company, amounting to \$1,500,000, will be added to the surplus of the enlarged North American Trust company, which will then hold over and above its capital stock of \$2,000,000, a surplus of \$2,500,000. Both trust companies have branches in Cuba, and the North American has bought land at Havana on which to build an office building of the American sort, six stories in height, and to cost \$300,000.

Corn—United States and Canada east of the Rockies decreased 92,000. Oats—United States and Canada east of the Rockies not received.

Falls to See Bosses.

Chicago, April 4.—P. J. McGuire, national secretary of the United Brotherhood of Carpenters and Joiners of America, left Chicago for his home in Philadelphia Tuesday night, after having vainly tried to bring about a conference looking to a settlement of the building trades' strike in Chicago so far as it affects the journeymen carpenters. He stated that the lockout would have to continue until the contractors' council would adopt conciliatory measures, and he expressed regret and surprise that he had not succeeded in holding an informal conference, for which he said he had personally made arrangements with Victor Falkenberg of the council.

PASS PUERTO RICAN BILL.

Senators Adopt Measure by Vote of 40 to 31.

MASON MAKES A SPEECH.

What the House Will Do About the Measure Is Not Known—How Over the Quay Case—Other Washington News.

Washington, April 4.—By the narrow majority of nine votes the Puerto Rican bill passed the senate Tuesday. What will be the fate of the measure in the house? This is the question every one is asking. Representative Payne said that no rule has been as yet agreed upon, but from an authoritative source it may be stated that the bill will first be referred to the ways and means committee and will be reported back to the house on Monday. The Hawaiian bill will be out of the way by that time, as it will be voted on Thursday night, and the Puerto Rican bill will be taken up by the house on Tuesday and an agreement will be given the minority for debate until Friday, and a vote on that day or Saturday. Opinions differ widely as to its fate.

Senator Mason spoke in favor of the resolution of Mr. Wellington, which offers independence to the Philippines, and against the bill proposed by Mr. Spooner conferring authority upon the president to govern the Philippines until congress should otherwise direct. He opposed the bill proposed to be placed on Puerto Rican products. He was opposed to holding the Philippines, "because under the law of nations we have not title and never can have complete title except by conquest of the inhabitants. I do not wish the 9,000,000 Filipinos for citizens. I do not wish them for slaves. If we govern them they must either be citizen or serf. Whether they labor as our citizens and equal before the law or whether they labor as our political slaves their labor competes with the labor of our country, and I am opposed to that. I am for expansion. I voted for the annexation of Hawaii, but would never have sent 65,000 men there to compel them to accept our flag. In other words, I am against taking any territory by conquest against a friendly people and against taking any territory that brings a cheap class of labor in free and open competition with the class of men and women who do the labor in this country."

Mr. Culberson took strong ground against relegating the control of the affairs of Puerto Rico to congress uncontrolled by constitutional provisions. Congress was apt to be partisan, and such being the fact profligacy and oppression were to be expected.

Mr. Culberson also argued that the tax proposed would be oppressive. Such a step as was proposed, he said, was calculated not only to wound the public conscience, but it was in disregard of the plighted faith.

Short speeches were made by Messrs. Ross, Teller, Bacon, Wellington, Foraker, Proctor, Gallinger and Stewart when the bill was finally reported to the senate, the amendments were agreed to, and on a yeas and nays vote it was passed by a vote of 40 to 31, a majority of 9.

Scarcely had the Puerto Rican measure been disposed of when, quite unexpectedly, a serious snarl over the case of former Senator Quay arose.

Acting under the unanimous consent agreement reached on March 16 that the Quay case should be taken up today, "subject to the consideration of appropriation bills, conference reports, the present unfinished business and senate bill 2,355"—the Spooner bill as to the government of the Philippines—Mr. Lodge moved that the Spooner bill be made the unfinished business.

This was objected to by the friends of Mr. Quay, and Mr. Wolcott moved to adjourn. The motion was lost—29 to 29. Mr. Lodge then renewed his motion. It was antagonized by Mr. Chandler, chairman of the committee on privileges and elections, who had no objections to the measure, but did not want it to displace the Quay case. After some further discussion Mr. Wolcott again moved to adjourn, the motion being defeated—25 to 31.

It became evident that there was a fight on and the senators engaged in the controversy manifested much feeling. The whole question of the unanimous consent agreement was gone into, the entire debate upon it being read. With the situation still strained and senators looking pale and serious the senate, at 5:55, adjourned.

The house spent the day considering the substitute for the senate Hawaiian territorial bill under a special order which will bring the question to a vote on Thursday afternoon at 4 o'clock. The debate was in committee of the whole, and only three of the six speeches were pertinent to the bill.

To Test Contract-Labor Law.

New York, April 5.—The application of the contract-labor law to citizens of Puerto Rico is involved in an arrest made by the barge office officials Tuesday. Jorg Cruz, an intelligent Puerto Rican, arrived on the steamship Caracas and was arrested on a charge of violating the contract-labor law on complaint of an organizer of the American Federation of Labor. Cruz came here under contract with an American firm whose members declare their intention to fight the case. The matter has been referred to Washington and Cruz is held in detention pending further proceedings.

Fire in Ohio Penitentiary.

Columbus, Ohio, April 4.—The large three-story building within the walls of the Ohio penitentiary occupied by bolt manufacturing shops was destroyed by fire early Tuesday evening, entailing a loss of over \$100,000. The fire is supposed to have originated on the third floor from a spark. The fire occurred after supper, and the 2,200 prisoners were locked in their cells. The state's loss is estimated at \$40,000, with no insurance. The Columbus bolt works, the principal stockholder of which is H. A. Lanman, sustains a loss of \$50,000 to \$100,000, with \$50,000 insurance.

Noted Thief Steals Sawmill.

Metropolis, Ill., April 4.—Sheriff Evers arrested William Lizabeth of this county, fifteen miles north of here, for stealing a saw mill. With wagons and teams he had moved it from New Columbia to Cache bottoms.

A few years ago Lizabeth was arrested in Johnson county for stealing a thrashing machine. Later he was sent to the penitentiary at Chester for forgery, and while there he stole the warden's uniform and boldly walked out of prison. He is now in jail at Metropolis.

Holland Dames' Queen Held.

New York, April 4.—Police Magistrate Brauman announced Tuesday that he would hold for trial Lavinia H. Dempsey, who calls herself "queen of the Holland Dames," and who is charged with grand larceny by Robert Troup. The amount involved was \$750, of which Troup paid \$500 as a guaranty for the faithful performance of his duty as treasurer of a play by Miss Dempsey and which she termed "The Patriot Spy." Six actors of her company have obtained judgment for \$2,072 against Miss Dempsey.

How a Woman Suffers.

HOWELL, IND., Nov. 28.
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.
Mrs. MINNIE STODGHILL.

Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhoea. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

CONVENTION

A Republican Convention for the County of Rock will be held in the Circuit Court room at the Court House in the City of Janesville on said County, on the 5th day of April, 1900, at 2 o'clock p. m., for the purpose of electing delegates to the State Convention at Milwaukee, April 25, 1900, to be held for the purpose of electing four delegates and four alternates from the State at large to the Republican National Convention, to be held in Philadelphia, Penn., on the 19th day of June, 1900, and to nominate twelve electors of President and Vice President of the United States, to be voted for at the general election in November next, and further for the election of delegates to represent the several Assembly districts in the Congressional District Convention for the First Congressional District, to be held at Kenosha, Wisconsin, April 24, 1900, and for such other business as may properly come before the Convention.

Dated, March 10, 1900.
By order of the Rock County Republican Committee,
THOMAS S. NOLAN,
Chairman.
WILLIAM A. JACKSON,
Secretary.

Cuban Customs Receipts

Washington, April 4.—The war department today made public a comparative statement of customs receipts in Cuba for the months of January and February, 1899, with those of January and February, 1900. The statement shows that the receipts of the island for January and February, 1899, were \$2,014,933; those of January and February, 1900, were \$2,722,619, an increase for the two months of 1900 over the same period of 1899 of \$707,686.

What is Shiloh?

A grand old remedy for Cough, Colds and Consumption; used through the world for half a century, has cured innumerable cases of incipient consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cents, 50 cents and \$1. Sold by J. P. Baker.

Armless Artist Is Dead.

C. F. Fein, the armless Belgian artist, is dead, at the age of 70. He was born without arms, and while still a baby was taught by his mother to gather his toys together with his toes. On becoming a man he studied art and copied hundreds of the best masterpieces at the galleries of Antwerp. He held the palette with the left great toe, passed through an orifice like a thumb. So admirable were his pictures that both the queen regent of Spain and the king of Portugal bought them and bestowed decorations upon him. His one grievance was that he could not gain the mastery over a button-hole.

The First to Scale Mount Blanc

One of the most celebrated of the Alpine guides, Jean Payot, died at Chamounix not long ago in his 94th year. He was one of the best known of all his class, and had piloted many distinguished persons up the Alps. He was the last survivor of the companions of Jacques Balmat, who was the first to reach the summit of Mount Blanc, and who perished in the Glaciers de Sixt in 1834.—New York Commercial Advertiser

Holiday in Honor of Diaz.

City of Mexico, April 4.—Monday's anniversary of the victory of the Mexican army commanded by Gen. Porfirio Diaz over the imperialist forces at Puebla thirty-three years ago was observed as a general holiday. The day was celebrated by military maneuvers on the plains of San Lazarus, near the city, in the presence of President Diaz and hundreds of distinguished guests.

Biscuit Factory to Close.

Fond du Lac, Wis., April 4.—The B. Wild factory of the American Biscuit company, located in this city, will be closed down after May 1. This was decided upon at a meeting held in Milwaukee Tuesday, at which the local concern was represented by B. Wild, Jr. The Wild factory is one of the largest candy and cracker manufacturing plants in the northwest and has been in operation since 1868.

Tanner Catches a Big Fish.

Palm Beach, Fla., April 4.—Gov. Tanner is better than at any time during his illness. He spent the morning at the residence of ex-Mayor Swift and the afternoon in fishing. He caught several big channel bass. One, weighing seventy-five pounds, gave him a hard struggle. The governor liked the excitement, and said that he felt like a boy again.

Mum's a Lover

Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on an absolute guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

If the Baby Is Crying

He says and we the old and you tried remedy Mrs. Winslow's Soothing Syrup for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

To Improve Heart Harbor.

New York, April 4.—The naval authorities want Pearl harbor, which they regard as the most important post of the United States in the Pacific, made available for naval purposes without further delay, and an appeal will be made to congress in a few days to authorize the necessary improvements. The board, which has been studying plans for the most effective and economical utilization of the harbor, has completed its work, and favors the immediate expenditure of \$500,000, which, with the money already appropriated for dredging, will make the harbor accessible and provide all the land required for further improvements.

Rough Treatment of a Minister.

Gilman, Ill., April 4.—Rev. John W. Scott, a Methodist minister of this city, who during the winter has been instrumental in prosecuting alleged gambling and illicit liquor selling, Tuesday evening endeavored to effect an entrance through a back door into a local saloon to see whether illegal sales of liquor were made. He was discovered by the proprietors and, after being roughly handled, was ejected, and went home hatless. The saloon people held a parade, with the clergyman's hat on a pole. Scott will invoke the aid of the law.

Smith McPherson Nominated.

Washington, April 4.—President McKinley has nominated Smith McPherson, congressman from Iowa, to be United States judge for the southern district of Iowa. His selection was not approved by the entire Iowa delegation in congress, but the majority was for him after considerable inquiry among the candidates. Mr. McPherson is a native of Indiana. Since removing to Iowa he has resided at Red Oak, practicing law. This is his first term in congress.

Robbers Kill Night Operator.

Kansas City, Mo., April 4.—A Star special from Winfield (Kas.) says that robbers last night killed the Santa Fe depot there and shot and killed D. C. Coates, the night operator, in escaping. They secured only a few cents. The killing was evidently committed to prevent identification.

Remarkable Cure of Rheumatism.

Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. Parsons. For sale by Smith's Pharmacy, Kodak agents, next to post-office.

Say's Insurrection Is Dying.

Washington, D. C., April 4.—Gen. Otis was cabled to the war department, probably with a view to correcting erroneous impressions that exist in this country as to the state of insurrection in the Philippines, a summary of the result of the development of the campaign since the first of the calendar year.

There's a greater demand made on the strength of the mother when nursing than at any other time. She has just gone through the shock and strain of maternity, her vitality is at its lowest and the food she eats must nourish two lives.

The natural result is that the mother looks around for a "tonic," and generally finds her tonic in the form of a stimulant, which not only gives the mother no real strength but is an injury to the child. It is the concurrent testimony of women who have used Dr. Pierce's Favorite Prescription, that it is the most perfect preparation for motherhood and all its functions which has ever been discovered. It prepares the way for baby's advent, giving the organs of birth vigor and elasticity. It establishes such a condition of health that nervousness, anxiety and morning sickness are unknown. With this condition comes a healthy flow of nourishment for the child, which enables the mother to gratify the fondest instinct of maternity.

"Two years ago I used two bottles of Doctor Pierce's Favorite Prescription, and in April a nice baby was born, before the doctor came," writes Mrs. Kate Aulker, of 751 1st Street, Alliance, Ohio. "I was not very sick. Baby is now 14 months old and weighs 30 pounds. Now I expect another about August, and I am again taking the 'Favorite Prescription' and feel very well. Several neighbors are using Dr. Pierce's medicine through my telling them about it. One lady says, 'before commencing Dr. Pierce's Favorite Prescription I had to vomit every day, but after I got the medicine, from the first spoonful that I took, I stopped vomiting.' It has done the same thing for me. It is a God-send for women."

No alcohol in any form, is contained in "Favorite Prescription," neither opium nor other narcotics. This cannot truthfully be said of any other medicine especially designed for women and sold through druggists. Sick women are invited to consult Dr. Pierce by letter, free of all charge. Every letter is treated as strictly private and sacredly confidential, and all replies are enclosed in plain envelopes, bearing no printed matter whatever. Address Dr. R. V. Pierce, Buffalo, N. Y.

FALSE HOPES

There are drugs which will *quiet* pain. They deaden and blunt, but they do not cure. After the drug wears off, the suffering is twice as bad. Many kidney medicines that are on the market contain deadly drugs. They relieve temporarily. KID-NE-IDS is not like that. It is composed of absolutely pure ingredients, every one of which is good for the kidneys. That's the reason why it cures where so many others fail. It does not try to gloss over the pain—it goes farther and cures the cause of the pain. **MORROW'S**

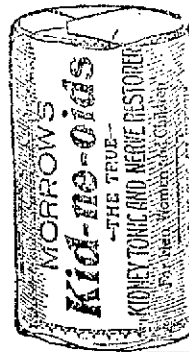

KID-NE-IDS

contains no minerals in any form—no dangerous stimulants—it will not upset invalids or children. It is the one sure cure for pain in the back, scalding and frequent urine, dizziness, dropsy and all diseases springing from weak kidneys. See, at the druggists', Enough for about a week's treatment. Dainty yellow tablets, the most scientific form of compounding medicine.

TRY THIS.

Healthy urine is clear, and does not stain. Put some in a glass and let it stand 24 hours. If there is a sediment at the bottom, get KID-NE-IDS at once. It means your kidneys are affected. Free booklet for the asking.

Mr. Louis Kohler, stone and brick mason, 17 Milwaukee Ave., says:

"I have been afflicted with kidney complaint for a number of years. Backache, rheumatism and nervousness were some of the symptoms. I could not rest or sleep on account of pain across the small of my back and nervousness. Morrow's Kid-Ne-ids taken according to directions quickly relieved me of backache and rheumatism and strong heated my nerves so I can sleep and rest well. Kid-Ne-ids are a splendid remedy and I will recommend it to our friends and others suffering from kidney complaint." At all drugstores and The People's Drug Co.

CASH.

It is upon this system that we have founded our business. It is through the advantages accruing from this system that we are enabled to make inducements, impossible by firms laboring under old time systems. They themselves admit it. You have noticed it yourself. A firm will advertise a sale for a day, a week, or more perhaps, during which time they will make such and such prices FOR CASH. They see the benefits and what can be done under that system, but through habit, circumstances, etc., they continue along in the old rut. You notice again a price at cost, or less possibly. It seems cheap; you think that store a good place to make your purchases. It may be on that article, but you KNOW that their run of prices are the same old familiar ones, in many cases made for them by the manufacturer who packs the goods to sell at certain retail prices. Now
